The Study History Log

Every study has a detailed history log. For auditing purposes, every action performed on the study is recorded in the history log. This information is viewable under the History tab. The history log is sorted in chronological order and displays only the actions you have permission to see. Each activity, when performed, is recorded in the history log with a date/time stamp and the name of the person performing the activity. You can click on the name of the activity to view the system details.
